SENIOR SOFTWARE DEVELOPER

Timothy Eaton HE/HIM

Possesses 16+ years of professional experience in application development in web design, mostly using PHP, MySQL, and Larvel. Always open to new technology. Has worked administrative roles, but prefers to write code with small teams to find elegant solutions to complex problems. Loves both refactoring legacy code and writing clean code for a new idea.

EXPERIENCE

Software Developer
Promoted to Senior Software Developer
Promoted to Director of Software Development
InterNACHI / 2006 - 2023
